Profile

I'm a frontend developer specializing in building fast, reliable, and responsive web applications using Next.js and TypeScript. With a strong eye for design and attention to detail, I craft user interfaces that are not only visually appealing but also accessible and performance driven. I aim to develop clean, maintainable code that supports long term growth and enhances the user experience.

Work Experience

Techverse51| Teacher Faculty Member

July-2024

Teach HTML, CSS, and Next.js while developing responsive web applications. Mentor students in frontend development, providing practical guidance and real world project support
